RESUME SUMMARY

Aspiring cybersecurity professional with hands-on experience in network security, threat detection, and vulnerability assessment. Skilled in risk analysis, phishing awareness, and incident response through real-time labs and collaborative projects. Eager to apply technical knowledge and problem-solving skills to strengthen organizational security and support effective incident management.

PERSONAL DETAILS

Current Location Warangal
Date of birth March 19, 2004
Gender Male

EDUCATION

Graduation B.Tech/B.E. (Computers)
SR University, Warangal with Score 7.5%
Class XII Telangana
with 60% in 2023
Class X Telangana
with 90% in 2021

INTERSHIPS AND PROJECTS

Internships **AICTE EduSkills** (Duration October 2024 - December 2024)
Completed a cybersecurity internship focused on fundamentals of network security, threat detection, and secure coding practices. Gained hands-on experience through real-time labs covering phishing awareness, vulnerability assessment, and incident response. Enhanced skills in risk analysis, security tools, and collaborative problem-solving by working on projects and awareness campaigns with peers.
Agratas Academy (Duration June 2024 - August 2024)
• Conducted a Phishing Awareness Campaign to train users on identifying phishing attacks. • Built a prototype Network Intrusion Detection System (NIDS) and performed vulnerability assessments. • Developed responsive web projects and deployed via GitHub Pages.
Skills used - Phishing,Vulnerability Assessment,network instruction Detection
Projects **Healthcare Management Web App** (Duration May 2025 - August 2025)
Developed Smart Health Portal, a responsive web application with doctor and patient dashboards. Implemented authentication, patient registration, and secure data handling using JavaScript (localStorage). Designed clean UI with HTML5, CSS3, and Bootstrap-style components."
Skills used - HTML,CSS And Javascript
Network Intrusion Detection System (NIDS) (Duration June 2024 - November 2024)
Designed and implemented a Python-based Intrusion Detection System using Scapy to capture and analyze live network packets.

SKILLS AND ACHIEVEMENTS

Skills Java,Web Development,Python
